

Navy Outdoor Recreation

Get out with NOR and experience the adventure! The NOR Center offers a wide variety of exciting trips, lessons and equipment to get you out of the hustle and bustle of city life and into the great outdoors. From horseback riding lessons to hiking along the cliff-top trails on the Amalfi coast, the NOR Center's mission is to get you outside.

During the winter months, we offer a comprehensive ski and snowboard program. It includes weekly trips to local ski resorts, ski and snowboard rentals and even equipment sales. In the summer, the NOR Center really kicks into high gear. We offer rentals and sales of camping equipment; horseback riding lessons, day and weekend hiking trips, scuba lessons, sea kayaking lessons or rentals, archery lessons, paint-ball tournaments, rock wall climbing, mountain biking and more!

The NOR Center is your outdoor "fun center" and the place to register for all these programs. It's also the place to get outfitted for your sport. The center carries a full line of clothing and gear for most outdoor sports, and if we don't have it on the shelf, we can special order it.

Stop by the NOR Center at Carney Park to hook up with outdoor people like you, and to enjoy the outdoor sports you love!
